

BUTCHERS' STRIKE IS NOW GETTING SERIOUS.

Pickets Stationed in Front of
Shops in Oakland, Alameda
and Berkeley.

The end of the big butchers' strike seems further away than ever and matters become more complicated, if anything, daily. The trouble began over the failure of the wholesalers to display union cards, where it will end is simply a matter of conjecture, for both wholesalers and journeymen butchers grow more determined as the affair proceeds, and now that the wholesalers and butchers of San Francisco have been drawn into the difficulty, it looks doubtful whether a meat famine can be avoided.

Both sides to the controversy are strong—stronger than they have been credited with being—and their determination to win is strengthened as each new difficulty presents itself.

Retailers' Troubles.

So far the retail men have been the chief sufferers. The public has been put to some inconvenience, owing to the failure of most of the shops to deliver meat, but it has been possible at all times to secure either beef, mutton, or pork. The strikers, while out of work, have not yet begun to feel the effects of a continued strike, and the wholesalers are prepared to stand a long strain. But with the retail men it is different.

"We are between the devil and the deep sea," said one of them this morning. "If we employ help, we are boycotted by the union. If we take down the union cards, similar action is taken. If we leave them up, the wholesalers say they will not furnish us with meat. What are we going to do? We must either cast our lot with the journeymen, or the wholesalers, and it's difficult to see far enough ahead to choose between them."

"The Western Meat Company twice refused to sell me meat yesterday," said R. Vincent, who has done his own work at his shops at Seventh and Washington streets, since the strike. "But the manager in San Francisco finally told me to let me have all I desired. Of course, it was pretty hard on me when my men first walked out, but my sympathies are with the strikers and I am getting used to it. I think the fight was brought about by an effort of the big dealers to freeze out the smaller dealers and to break up the union. It is a fight between capital and labor."

Pickets at Work.

Pursuant to the orders of Organizer Pierce of the American Federation of Labor, the cards in all shops where non-union help is employed were taken down yesterday afternoon and pickets were placed in front of such places to warn the public against them.

In front of Becker's Grand Central Market on Washington street half a dozen pickets are patrolling and their cries of "Scab shop!" "Don't go in there!" "Look for the cur!" etc., served to increase the crowd that has hung about the place since Monday morning. It requires the constant attendance of two policemen to keep the sidewalk passable.

Similar pickets have been placed in front of the other shops where the cards have been taken down, principally at Steinbeck's on Telegraph avenue, and at O'Connell's City Hall market on San Pablo avenue, where his three union men who walked out went back to work the next day. The principal crowd, however, is in front of Becker's market.

Becker Still Firm.

Fred Becker still stands with his apron on behind a block at his shop, but he has a dozen butchers at work, and says he will open up his market

at Eleventh and Washington streets some time today.

"I am trying to get more men all the time," said Becker, "and I had twenty-five coming from Los Angeles, but I am afraid they will be taken in San Francisco, now that the strike is on over there. Still I don't want to be selfish about it. But I will open up my Eleventh street shop today if I have to take some men from the shop now open. This noise that the pickets are making is good for the ears and I want to divide it up a little. Let them yell; I think it draws trade."

"But seriously, I don't think it will be long before I can get enough men to open both my other shops and in the meantime I intend to stand by my decision and fight it out. The wholesalers are firm; you can depend upon it that they will never give in and I don't anticipate any trouble in securing all the meat I need."

Becker has the contract for supplying the County Infirmary, but further than that he is not attempting to deliver meat.

Strikers Confident.

With the strikers the situation has not changed. They are still confident of winning and in regard to the securing of butchers from other places they cite two instances. How the strength of the union. The San Francisco butchers, they say, sent East for 30 men to arrive here May 23. Of the 25 sent for only three came and the day they arrived they joined the butchers' union of San Francisco. Monday two men who had come from Los Angeles to work for Becker, were met at the door of the shop and taken up stairs to Becker's Hall, the union headquarters, where they were initiated into the union.

The union did not hold a meeting this morning, but they will meet this afternoon to receive a report regarding the action taken by the San Francisco union, which will hold a meeting at 2 o'clock this afternoon.

The press committee today made another statement, similar to the one published exclusively in THE TRIBUNE yesterday. They wish to impress upon the public the fact that the strike was not ordered until the wholesalers tried to force the retailers to discard the union card and that the strike was ordered to protect both the union and the smaller dealers and to break up a combination alleged to have been formed between the big dealers and wholesalers to force the small dealers out of business.

Wholesalers' Views.

"I don't think the strike will last very long," said Irving C. Lewis of Grayson, Owen & Co., today. "The wholesalers are greatly encouraged by the action of the San Francisco wholesalers, and now the retail men are standing by us. Nearly all the shops of Oakland have agreed to take down the union cards and I think that before night it will be hard to find a union card in the city."

"In San Francisco a great many union men, principally in the shops north of Market street, have agreed to stand by the wholesalers."

"You can report that so far as the wholesalers are concerned, the outlook is bright, indeed, and we expect a speedy termination of the fight."

Pickets in Alameda.

ALAMEDA, June 12.—The butchers' strike is beginning to give up a little in this city. This morning a number of men from the city were standing by us. Nearly all the shops of Alameda have agreed to take down the union cards and I think that before night it will be hard to find a union card in the city."

All the Union Men Walk Out When
Their Demands Are
Denied.

SAN FRANCISCO, June 12.—In accordance with their previously announced decision, the butchers in most of the shops which refuse to display the union label walked out at 10 o'clock this morning.

A number of shops, notably those on California street, are running as usual.

The employers claim to have granted all the demands of the men, except that in regard to showing the union label, and the wholesalers have notified them that no meat will be furnished to those who do so.

The Butchers Union in this city has about 1,500 members.

The 400 butchers in Oakland who walked out on Monday have the sympathetic support of the men here.

Eleven Hundred Out.

At 1 o'clock this afternoon the union butchers report that about 1,100 men have walked out and that butchertown is tied up by the slaughtermen quitting work. They state that between 100 and 150 shops out of a total of 350 have retained the union cards and that about 400 men are at work.

Wholesalers Confident.

The wholesale butchers, however, claim that there will be no difficulty in supplying meat to their customers. They will not furnish any to houses showing a union card.

Claims of Union.

The union men assert that they have had offers of meat from the Middle Western States and that they have turned the matter over to the retailers in harmony with their plans, who may obtain their future supplies outside of California. The non-union shops are displaying signs informing their patrons that a meat famine need not be feared.

The boycott was placed upon the shops because they had taken out their union cards. The proprietors were notified by the wholesalers that they could not have meat unless the cards were discarded. When the cards were taken down all the employees walked out and the boycott was declared.

The other shops claim that they can get meat, but their supplies are running low and it is expected that they may give in at any time.

ONE THOUSAND MEN ARE TO GO.

Great Plant at Newport News
Will Close Down on
Saturday.

ATLANTA, Ga., June 12.—A special from Newport News, Va., says:

It was announced this morning that 1,000 men will be laid off at the yards of the Newport News Shipbuilding & Drydock Company on account of the machinists' strike. This will make a total of 2,000 men now out and it is expected that the entire plant will be closed by Saturday night.

It is the understanding here that all the ship yards in the country are determined not to accede to the demands of the machinists and that all plants where machinists have gone out will close down indefinitely rather than grant the demands.

MACHINISTS' STRIKE
SITUATION UNCHANGED.

SAN FRANCISCO, June 12.—The machinists' strike situation is unchanged, both sides remaining firm.

KING EDWARD PRESENTS MEN WITH MEDALS.

Magnificent Spectacle Witnessed
in Front of the
Palace.

HIS ROYAL HIGHNESS
APPEARS IN STATE.

LONDON, June 12.—London seldom has a finer spectacle than was witnessed on the Horse Guards parade today, when King Edward presented medals to 3,000 soldier participants in the South African campaign. The great square was lined with guards drawn from the various regiments.

Appeared in State.

In the center of the ground was a purple covered dais surmounted by an Indian tent with silver corner poles. In the space between the dais and St. James' Park were drawn up 3,000 of the finest and bravest of the household cavalry and city imperial volunteers, all of whom had served in the campaign. The admiralty, horse guards and other official buildings fronting the parade were all decorated with flags. From the house of Joseph H. Choate, the United States Ambassador, on Carlton House terrace, flew the American flag. The Lord Mayor, Frank Green, attended in state, and the members of the special Moorish Embassy, in picturesque costumes, were interested spectators.

King Edward and Queen.

Promptly at 11 o'clock King Edward, the Queen, Princess Victoria and other members of the royal family arrived and took up places on the dais and the ceremony began. The recipients of the medals, in a long line, marched past the King, received the decorations from His Majesty, saluted and passed on. Lord Roberts came first, followed by Lord Milner, while behind them came crowds of sergeants and lesser officers, whose names have become familiar owing to the war—Butler, Ian Hamilton and a host of others. Among the members of Lord Roberts' South African staff who received the medal was Captain the Duke of Marlborough.

Dazzling Uniforms.

The procession as a whole was most incongruous. The officers of the guards, Lancers, Hussars and Lightlanders, in dazzling uniforms, groups of solemnly garbed men in frock coats, doctors who had served at the front and half a dozen foreign attaches in uniform. Captain Stephen L. N. Slocum, the United States military attaché, was not present. He is in St. Petersburg. There were also groups of time-expired men in civilian clothing, policemen and wounded soldiers, limping along in hospital clothes. The ceremony lasted nearly three hours, the Queen standing beside the King throughout.

MRS. CRAVEN SAYS PREJUDICE

SAN FRANCISCO, June 12.—In Judge Trout's court today Mrs. Nettie R. Craven, who claims to be the widow of Senator Fair, filed an affidavit and motion demanding that the hearing of the application of the heirs for a partial distribution be transferred to some other department of the Superior Court.

The allegation back of this motion is that Judge Trout is prejudiced, having already decided in the previous case that Mrs. Craven was never married to Senator Fair.

CHINA'S APOLOGY FOR THE MURDER OF VON KETTELER.

BERLIN, June 12.—The correspondent of the Associated Press is authoritatively informed that the standing of the special embassy headed by Prince Chun to Berlin to formally express Emperor Kwang Hsu's regrets at the murder of Baron von Ketteler was only definitely settled upon during the last few days between the Chinese court and the German minister. Dr. Munster von Schatzstein. The precise time the special embassy will start has not been decided upon. It will not start tomorrow, but is leaving China depends on when a steamer starts for Europe on which accommodation can be secured commensurate with the rank of Prince Chun and the six members of his suite.

Bringing Out the Victims of the
Great Coal Mine

THIRTEEN BODIES ARE
STILL IN THE MINE.

NEW WEST NEWTON, Pa., June 12.—The death of Harry Beveridge at the McKeesport Hospital last night brings the total number of fatalities of the Port Royal mine disaster up to eighteen. The last rescuing party entered the ill-fated mine shortly before midnight, and explored it for a distance of about 3,000 feet.

The dead body of David James was found this morning and was identified by a rag tied around the little toe of the left foot. The flesh was burned from the face in several places and apparently the body had met nearly the full force of the second explosion. Another party will enter the mine shortly.

There have been five bodies recovered since the first explosion. There are still thirteen bodies in the mine and several experienced miners here from the Manhandle district think that they will be recovered.

What the exact conditions are in the unexplored parts of the mine is not known. That there is fire is the opinion of many, but its severity cannot be even guessed at. The next party to enter the mine will extend its ventilation as far as possible and rid out whatever gas can be reached.

FOUR BULLETS IN HER BODY.

Crazed by Jealousy a Des Moines
Man Riddled His Wife
With Bullets.

DES MOINES, Iowa, June 12.—Crazed by jealousy Elijah Heathcote, a contractor, entered the apartments of his wife in the Barrow block shortly after midnight, and, grabbing her, held her at arm's length while he poured the contents of his revolver into her body.

Four bullets took effect. Heathcote accused his wife of being in love with another contractor. The couple had quarreled frequently of late and only two weeks ago the husband was arrested at the instigation of his wife for having threatened to kill her.

Heathcote is now in jail, while his victim is in the hospital at the point of death.

SHOT AND KILLED BY A NEGRO IN SOUTH.

SHREVEPORT, La., June 12.—John Gray Pecker, brother of the wife of Governor McMillin of Tennessee was shot and killed by a negro in his plantation near Shreveport today. The negro has escaped, but peccers are hunting for him. Intense excitement prevails at Shreveport and the negro probably will be lynched if captured. The Pecker family is among the most prominent in the State.

UNCLE SAM'S BATTLESHIP TAKES TEST.

Illinois Goes to Sea Under Full
Steam to Fulfill Her
Contract.

MUST SUSTAIN HIGH
SPEED TO BE SUCCESS.

BOSTON, June 12.—The new United States battleship Illinois, built by the Newport News Shipbuilding and Dry Dock Company, was given her official trial over the course from Cape Ann to Boon Island today. The vessel left the upper harbor, where she had been anchored since her arrival here on Monday, soon after 8 o'clock and made her way slowly toward Gloucester. The day was clear and bright and all conditions were perfect for a successful test of the big vessel.

The official course over which the Illinois to fulfill her contract must sustain a speed of 15 knots, is thirty-three knots in length, to be covered twice. At intervals of 6-10 knots Government vessels were stationed to mark the course.

Rear Admiral R. D. Evans was in charge of today's trial, as the head of the Government board. The other officers of the board are Captain S. C. Train, Commander N. H. Hemphill, Lieutenant-Commander Charles D. Vreeland, Lieutenant-Commander Richard Henderson, Commander (Nav. Com.) Washington Lee Cope.

UNDER FULL STEAM.

ROCKPORT, Mass., June 12.—The battleship Illinois, on her speed trial, passed the first stakeboat at 10:12 A. M., going under full steam. A smoky haze on the water makes it difficult to follow the course from the shore.

BATTLESHIP MAKES REQUIRED TIME.

Rockport, Mass., June 12.—The battleship was sighted returning at 12:05. She finished her run at 2:18:42, showing a total elapsed time of four hours, seven minutes and thirty-six seconds. Allowing twenty minutes for the turn at the middle of the course, this indicates an average speed of 17.4 knots.

FRUIT CROP IS AWAY BELOW THE STANDARD

Sensational Reports Made to the
Association at San
Jose Today.

LARGE LOSS TO THE
FRUIT MEN OF STATE.

SAN JOSE, June 12.—Estimates made the present week by pickers and canners as to the fruit crop are not at all encouraging. There is no longer any doubt that the prune yield is going to fall below even the conservative computations heretofore made.

NO FRUIT LEFT.

Instances have been reported of whole orchards without a solitary specimen of the fruit being left on the trees. Two prominent growers, each with orchards exceeding 100 acres, reported to the Cured Fruit Association this morning that they could not find, after diligent search, a total of a pound of fruit on either place. This condition of affairs extends irregularly on the lowlands all along the west side of the valley from Mountain View to Gilroy.

SHORT CROPS.

In peaches the conditions are similar. Up to the present time the reports of short crops have been interpreted in some quarters as the result of pessimistic verdicts of the disappointed. The results of the efforts of the pickers during the past three days confirms the most affirmative estimates of small yields made earlier in the season. The canners are satisfied that fruit is going to be very short and are even now directing their efforts to get supplies in other portions of the State.

CHERRIES SHORT.

The cherry season is past its meridian and the statement that the yield has been below a half average has long since been confirmed by the high prices in the local markets and the absence of any large quantities being offered for shipment. Apriots seem to have fared better than any of the fruit varieties, but they are not in such abundance as to even supply the local demand thus far.

903 BROADWAY, OAKLAND

ENDEAVORERS ARE GIVEN ROYAL GREETING.

SANTA ANA, Cal., June 12.—Never has Santa Ana been so spick and span as it is today, bedecked with gold and purple streamers and stars and stripes in honor of the Christian Endeavor delegates who are now en route here from all portions of the State to attend the fourteenth annual convention of the California Christian Endeavor Union.

THE INVITATION.
Months ago the local Endeavor Committee sent out the following general invitation:

"Endeavorers of California: We are expecting a host of you. Don't disappoint us, for we are making ample preparations. May we meet together in joyous Christian fellowship in this sunny Southland, and may we have a convention never to be forgotten. Come and bring your bicycles, too, for you will doubtless enjoy them on our level roads."

INVITATION ACCEPTED.

That this cordial invitation has been accepted in the spirit in which it was intended is evidenced by the flood of letters now pouring in upon the enter-

tainment committee from various parts of the State from enthusiastic Endeavorers.

PURPLE AND GOLD.

For months local Endeavorers have been talking about the convention and for weeks they have been absorbed in preparations for it. For three days a professional decorator from San Francisco with his corps of assistants has been engaged in elaborately decorating the streets with flags and streamers of purple and gold. All the business houses are decorated and already many private residences are handsomely adorned.

MAN WITH THE HOC.

Even the City Council has been invaded with the spirit of entertainment and they propose that the visitors shall form a good opinion of Santa Ana. They have started the "Man with the Hoc" to work and the streets are being arrayed in holiday attire. This is Santa Ana's first State convention of importance and the residents propose to demonstrate that they are equal to the emergency of properly entertaining a big convention.

A few scattering delegates are arriving today, but the crowd will not be here until Thursday morning, when the Christian Endeavor special will arrive from San Francisco and intermediate points.

TRANSIT COMPANY'S CARS TIED UP IN ALL PARTS OF CITY.

The entire system of the Oakland Transit Company was tied up at noon today, and for fifty minutes not a car moved, to the exasperation of the traveling public.

Inquiries at the Transit Company's main office and at the power houses elicited only the answer, "don't know." The strictest secrecy prevailed; those in authority absolutely refusing to give any information.

From outside sources it was learned that the tie-up was caused through the high voltage over the wire of the Pontatowski Company bringing current to Oakland from Blue Lakes or Yuba. The Transit Company has been operating its car lines with electricity from the big power company for some days. Owing to the high voltage there was trouble somewhere in the mountains and the Transit people had to start up the engines at their own power houses.

COLLISION CAUSES A FIGHT AT LIVERMORE.

LIVERMORE, June 12.—J. Jensen was on trial here yesterday on a charge of battery preferred by John Low. The case was tried before a jury. W. H. L. Jones appeared for the prosecution.

The difficulty between Low and Jensen arose out of a collision. Low was riding his wheel on the sidewalk and collided with Jensen. A fight ensued and later Low had Jensen arrested on a charge of battery.

Low says Jensen deliberately caused the collision by getting in front of his wheel. Jensen says Low ran into him and then assaulted him for being in the way. Low was badly bruised in the fight and was under the care of Dr. Warner for several days.

The party visited the fortifications at Ballast Point, quarantine station and proposed site for the Government coaling station and landing at Ballast Point made the trip to Point Loma in tally-hos. RESTAURANT MEN RAISE THEIR PRICES.

The Restaurant and Hotel Keepers' Association held a meeting last evening and adopted a schedule of prices. The restaurant men decided to raise the price of food to meet the increase of expenses caused by according to the demands of their employees. The increase is in the minimum price for short orders, the principal ones being as follows:

Family porterhouse steak, from 30 to 50 cents; porterhouse steak, from 40 to 45 cents; sirloin steak, from 30 to 35 cents; rib steak, from 20 to 25 cents; veal cutlets, from 15 to 20 cents; pork chops and veal cutlets, from 15 to 20 cents each; domestic sausage and liver and bacon, from 10 to 15 cents each; oysters in crumbs, from 25 to 30 cents. The minimum price to be charged for a commensal lunch was raised from 25 to 30 cents.

No action was taken by the Association in regard to the butchers' strike, as the cooks and waiters have decided not to take any action at present.

TEACHERS GET WARRANTS BUT CANNOT GET MONEY.

The High School teachers received their salary warrants this morning, but the local banks refuse to cash them.

City Treasurer Felton Taylor paid out of the High School Fund the first eleven warrants presented, but there was only a little over a thousand dollars in the fund, and this soon vanished, when the remainder of the hundred and more warrants were simply registered, and some of the teachers then called at the banks in the hope of having them cashed at a slight discount. The banks refused to take the warrants.

"We have refused to honor the warrants," said Cassius Yates of the Central Bank, because there is no money in the High School fund, and we have as yet received no assurance from the City Council that any money will be transferred to the fund so that we can get our cash. We cash the warrants just as soon as the Council will individually assure us of a transfer, and we do not ask for a written agreement—that this bank will pay the warrants.

KINGSBURY'S THREAT NOT MADE GOOD.

As yet no demand has been served on the Police Commissioners by the dismissed policeman, Wm. Kingsbury, for reinstatement. Kingsbury gave out a statement that he would make such a demand, and the Commissioners refusing to comply he would then, by his attorney, Charles P. Drolla, apply to the Superior Court for a writ of mandamus to test the matter.

At the meeting of the Police Commissioners today, however, Kingsbury was not even so much as mentioned.

MEANS FIGHT TO A FINISH.

Millions of Dollars to Fight the Demands of the Machinists.

NEW YORK, June 12.—The convention of the National Metal Trades Association continued its sessions today. The closing hours of the convention are being devoted to the completion of organization and the arrangement of plans to strengthen the hands of the manufacturers in their fight against the striking machinists.

\$500,000 Raised.

The sum of \$500,000 raised by assessment is to be placed at the disposal of a strike committee to be used in behalf of the employers. That committee is constituted as follows:

William Swannhouser, Brooklyn; John W. Young, Milwaukee; S. W. Watkins, Milwaukee; Charles Bliss, Ansonia; N. B. Payne, Elmira; W. D. Sayle, Cleveland; Thomas E. Darban, Erie; William E. Lodge, Cincinnati; and E. G. Gilbert, Scranton.

What Fund Is For.

Asked as to the use of the fund, W. J. Chalmers, chairman of the Press Committee, said:

"I suppose we will use it as the strikers do—to support their fellows, pay pickets and meet other general expenses. We need \$150,000 in the Cleveland strike, where we paid some men a bonus of \$4 a day. There are millions more if they are needed. We have just received a telegram from the Pacific Coast pledging 114 out of 125 firms to membership.

San Francisco in It.

We have delegates from San Francisco, Seattle, and Portland, and the West is with us and we are gratified to receive their support. We seek no trouble, but we propose to protect our interests and industries.

"We are suffering no loss arising from delay on contracts which we were fulfilling at the time our machinists struck, for all of our contracts contain a strike clause releasing us from liability."

The convention will this afternoon dispose of the important question of hours of labor.

CREMATION. The Odd Fellows' Cemetery, San Francisco.

It has expended nearly \$500,000 on buildings, plant and grounds. Has fine furnaces. A body is consumed without contact with flame. Every part reduced to ashes by intense heat.

It has no stock nor stockholders. It does not divide profits. It aims to make its receipts equal expenditures. All profits are expended on the care of its property and the perfection of its work.

Fees for cremation are: Infants under ten, \$10; ten to fifteen, \$15; members of societies and associations and their families, \$50; all others, \$25, which prices include a copper receptacle for the ashes, and the use of the chapel and organist.

As soon as business permits, charges will be reduced. A proposition to lower the cost of cremation to \$25 is under consideration. Special arrangements will be made for a body sent from any place in the State of California will be cremated at a total expense not to exceed the above rates.

And all this IS NOT FOR THE AC. CUMULATION OF PROFIT, but for the promotion of funeral reform and for the benefit of the widow and orphan. If necessary for the cause, we will place agents in Oakland, Alameda and San Jose, to carry on our work.

BUTCHERS' STRIKE IS NOW GETTING SERIOUS.

Pickets Stationed in Front of Wholesalers Declare That the Retail Men Must Fight to a Finish.

The end of the big butchers' strike seems further away than ever and matters become more complicated. If anything, daily. The trouble began over the failure of the wholesale men to display union cards, where it will end is simply a matter of conjecture, for both wholesalers and journeymen butchers grow more determined as the strike proceeds, and now that the wholesalers and butchers of San Francisco have been drawn into the difficulty, it looks doubtful whether a meat famine can be avoided.

Retailers' Troubles.

So far the retail men have been the chief sufferers. The public has been put to some inconvenience, owing to the failure of most of the shops to deliver meat, but it has been possible at all times to secure either beef, mutton, or pork. The strikers, while out of work, have not yet begun to feel the effects of a continued strike, and the wholesalers are prepared to stand a long strain. But with the retail men it is different.

"We are between the devil and the deep sea," said one of them this morning. "If we employ help, we are boycotted by the union. If we take down the union cards, similar action is taken; if we leave them up, the wholesalers say they will not furnish us with meat. What are we going to do? We must either cast our lot with the journeymen or the wholesalers, and it's difficult to see far enough ahead to choose between them."

"The Western Meat Company twice refused to sell me meat yesterday," said R. Vincent, who has done his own work at his shops at Seventh and Washington streets, since the strike, "but the manager in San Francisco finally told them to let me have all I desired. Of course, it was pretty hard on me when my men first walked out, but my sympathies are with the strikers and I am getting used to it. I think the fight was brought about by an effort of the big dealers to freeze out the smaller dealers and to break up the union. It is a fight between capital and labor."

Pickets at Work.

Pursuant to the orders of Organizer Pierce of the American Federation of Labor, the cards in all shops where non-union help is employed were taken down yesterday afternoon and pickets were placed in front of such places to warn the public against them.

In front of Becker's Grand Central Market on Washington street half a dozen pickets are patrolling and their cries of "Send shop!" "Don't go in there!" "Look for the card!" etc., served to increase the crowd that has been about the place since Monday morning. It requires the constant attendance of two policemen to keep the sidewalk passable.

Similar pickets have been placed in front of the other shops where the cards have been taken down, principally at Steinbeck's on Telegraph avenue, and at O'Connell's City Hall market on San Pablo avenue, where his three union men who walked out went back to work the next day. The principal crowd, however, is in front of Becker's market.

Becker Still Firm.

Fred Becker still stands with his apron on behind a block at his shop, but he has a dozen butchers at work, and says he will open up his market

at Eleventh and Washington streets some time today.

"I am trying to get more men all the time," said Becker, "and I had twenty-five coming from Los Angeles, but I am afraid they will be taken in San Francisco, now that the strike is on over there. Still I don't want to be selfish about it. But I will open up my Eleventh street shop today if I have to take some men from the shop now open. This noise that the pickets are making is good for the ears and I want to divide it up a little. Let them yell; I think it draws trade."

"But seriously, I don't think it will be long before I can get enough men to keep both my other shops and in the meantime I intend to stand by my decision and fight it out. The wholesalers are firm; you can depend upon it that they will never give in and I don't anticipate any trouble in securing all the meat I need."

Becker has the contract for supplying the County Infirmary, but further than that he is not attempting to deliver meat.

Strikers Confident.

With the strikers the situation has not changed. They are still confident of winning the fight and in the meantime they are determined to show the strength of the union. The San Francisco butchers, they say, sent East for 50 men to arrive here May 23. Of the 50 sent for only three came and the day they arrived they joined the butchers' union of San Francisco. Monday two men who had come from Los Angeles to work for Becker and were met at the door of the shop and taken up stairs to Becker's Hall, the union headquarters, where they were initiated into the union.

The union did not hold a meeting this morning, but they will meet this afternoon to receive a report in regard to the action taken by the San Francisco union, which will hold a meeting at 2 o'clock this afternoon.

The press committee today made another statement, similar to the one published exclusively in THE TRIBUNE yesterday. They wish to impress upon the public the fact that the strike was not ordered until the wholesalers tried to force the retailers to discard the union card and that the strike was ordered to protect both the union and the smaller dealers and to break up a combination alleged to have been formed between the big dealers and wholesalers to force the small dealers out of business.

Wholesalers' Views.

"I don't think the strike will last very long," said Irving L. Lewis of Grayson, Owen & Co., today. "The wholesalers are greatly encouraged by the action of the San Francisco wholesalers, and now the retail men are standing by us. Nearly all the shops of Oakland have agreed to take down the union cards and I think that before night it will be hard to find a union card in the city."

"In San Francisco a great many union men, principally in the shops north of Market street, have agreed to stand by the bosses."

You can report that so far as the wholesalers are concerned the outlook is bright, indeed, and we expect a speedy termination of the fight."

Pickets in Alameda.

ALAMEDA, June 12.—The butchers' strike is beginning to live up a little in this city. This morning a number of men from Oakland, wearing red badges arrived in town and began walking up and down in front of non-union shops.

Also, today, on Chestnut street, became very indignant at the men and attempted to have them arrested, but as the men conducted themselves in an orderly manner he could not secure a warrant.

Comb and Fisher, though non-union people, were dignified, no one being placed in front of their place of business. The reason of the slight was that there were not enough men to go around. More were sent for, however, and the firm soon had their share.

All the Union Men Walk Out When Their Demands Are Denied.

SAN FRANCISCO, June 12.—In accordance with their previously announced decision, the butchers in most of the shops which refuse to display the union label walked out at 10 o'clock this morning.

A number of shops, notably those on California street, are running as usual.

The employers claim to have granted all the demands of the men, except that in regard to showing the union label, and the wholesalers have notified them that no meat will be furnished to those who do so.

The Butchers Union in this city has about 1,500 members.

The 400 butchers in Oakland who walked out on Monday have the sympathetic support of the men here.

Eleven Hundred Out.

At 1 o'clock this afternoon the union butchers report that about 1,100 men have walked out and that butchertown is tied up by the slaughtering quiting work. They state that between 100 and 150 shops out of a total of 350 have retained the union cards and that about 400 men are at work.

Wholesalers Confident.

The wholesale butchers, however, claim that there will be no difficulty in supplying meat to their customers. They will not furnish any to houses showing a union card.

Claims of Union.

The union men assert that they have had offers of meat from the Middle Western States and that they have turned the matter over to the retailers in harmony with their plans, who may obtain their future supplies outside of California. The non-union shops are displaying signs informing their patrons that a meat famine need not be feared.

Sensation today when pickets from the Oakland Butchers Union were placed in front of two butcher shops to advise the public that they were not union shops. The shops affected are those of M. A. Samson on Center street and Thomas Hama on Statuet avenue.

The boycott was placed upon the shops because they had taken out their union cards. The proprietors were notified by the wholesalers that they could not have meat unless the cards were discarded.

When the cards were taken down all the employees walked out and the boycott was declared.

The other shops claim that they can get meat, but their supplies are running low and it is expected that they may give in at any time.

ONE THOUSAND MEN ARE TO GO.

Great Plant at Newport News Will Close Down on Saturday.

ATLANTA, Ga., June 12.—A special from Newport News, Va., says: It was announced this morning that 1,000 men will be laid off at the yards of the Newport News Shipbuilding & Drydock Company on account of the machinists' strike. This will make a total of 2,000 men now out and it is expected that the entire plant will be closed by Saturday night.

It is the understanding here that all the men in the country are determined not to accede to the demands of the machinists and that all plants where machinists have gone out will close down indefinitely rather than grant the demands.

SITUATION UNCHANGED.**

SAN FRANCISCO, June 12.—The machinists' strike situation is unchanged, both sides remaining firm.

KING EDWARD PRESENTS MEN WITH MEDALS.

Magnificent Spectacle Witnessed in Front of the Palace.

HIS ROYAL HIGHNESS
APPEARS IN STATE

LONDON, June 12.—London seldom has a finer spectacle than was witnessed on the Horse Guards parade today, when King Edward presented medals to 3,000 soldier participants in the South African campaign. The great square was lined with guards drawn from the various regiments.

Appeared in State.

In the center of the ground was a purple covered dais surmounted by an Indian tent with silver corner poles. In the space between the dais and St. James' Park were drawn up 5,000 officers and men of the guards, household cavalry and city imperial volunteers, all of whom had served in the campaign. The admiralty, horse guards and other official buildings fronting the parade were all decorated with flags. From the house of Joseph H. Choate, the United States Ambassador, on Carlton House terrace, flew the American flag. The Lord Mayor, Frank Green, attended in state, and the members of the special Moroccan Embassy, in picturesque costumes, were interested spectators.

King Edward and Queen.

Promptly at 11 o'clock King Edward, the Queen, Princess Victoria and other members of the royal family arrived and took up places on the dais and the ceremony began. The recipients of the medals, in a long line, marched past the King, received the decorations from His Majesty, saluted and passed on. Lord Roberts came first, followed by Lord Milner, while behind them came crowds of generals and lesser officers, whose names have become familiar owing to the war—Butler, Ian Hamilton and a host of others. Among the members of Lord Roberts' South African staff who received the medal was Captain the Duke of Marlborough.

Dazzling Uniforms.

The procession as a whole was most incongruous. The officers of the guards, Lanciers, Hussars and Highlanders, in dazzling uniforms, groups of solemnly garbed men in frock coats, doctors who had served at the front and half a dozen foreign attaches in uniform, Captain Stephen L. N. Sloane, the United States military attaché, was not present. He is in St. Petersburg. There were also groups of time-expired men in civilian clothing, policemen and wounded soldiers, limping along in hospital clothes. The ceremony lasted nearly three hours, the Queen standing beside the King throughout.

MRS. CRAVEN SAYS PREJUDICE

SAN FRANCISCO, June 12.—In Judge Trout's court today Mrs. Nettie R. Craven, who claims to be the widow of Senator Fair, filed an affidavit and motion demanding that the hearing of the application of the heirs for a partial distribution be transferred to some other department of the Superior Court.

The allegation back of this motion is that Judge Trout is prejudiced, having already decided in the previous case that Mrs. Craven was never married to Senator Fair.

CHINA'S APOLOGY FOR THE MURDER OF VON KETTLER

BERLIN, June 12.—The correspondent of the Associated Press is authoritatively informed that the standing of the special embassy headed by Prince Chun to Peking to formally express Emperor Kwang Hsi's regrets at the murder of Baron von Ketteler was only definitely settled upon during the last few days between the Chinese court and the German minister, Dr. Mumm von Schanzstein. The precise time the special embassy will start has not been decided upon. It will not start tomorrow, but its leaving China depends on when a steamer starts for Europe on which accommodation can be secured commensurate with the rank of Prince Chun and the six members of his suite.

EIGHTEEN ARE DEAD AT THE PORT ROYAL.

Bringing Out the Victims of the Great Coal Mine Disaster.

THIRTEEN BODIES ARE
STILL IN THE MINE.

NEW WEST NEWTON, Pa., June 12.—The death of Harry Reveridge at the McKeesport Hospital last night brings the total number of fatalities of the Port Royal mine disaster up to eighteen. The last rescuing party entered the ill-fated mine shortly before midnight, and explored it for a distance of about 3,000 feet.

The dead body of David James was found this morning and was identified by a rag tied around the little toe of the left foot. The flesh was burned from the face in several places and apparently the body had not nearly the full force of the second explosion. Another party will enter the mine shortly.

There have been five bodies recovered since the first explosion. There are still thirteen bodies in the mine and several experienced miners here from the Panhandle district think that they will be recovered.

What the exact conditions are in the unexplored parts of the mine is not known. That there is fire is the opinion of many, but its severity cannot be even guessed at. The next party to enter the mine will extend its ventilation as far as possible and rid out whatever gas can be reached.

Crazed by Jealousy a Des Moines Man Riddles His Wife With Bullets.

DES MOINES, Iowa, June 12.—Crazed by jealousy Elijah Heathcote, a contractor, entered the apartments of his wife in the Darrow block shortly after midnight, and, grabbing her, held her at arm's length while he poured the contents of his revolver into her body.

Four bullets took effect. Heathcote accused his wife of being in love with another contractor. The couple had quarreled frequently of late and only two weeks ago the husband was arrested at the instigation of his wife for having threatened to kill her.

Heathcote is now in jail, while his victim is in the hospital at the point of death.

UNCLE SAM'S BATTLESHIP TAKES TEST.

Illinois Goes to Sea Under Full Steam to Fulfill Her Contract.

MUST SUSTAIN HIGH
SPEED TO BE SUCCESS.

BOSTON, June 12.—The new United States battleship Illinois, built by the Newport News Shipbuilding and Dry Dock Company, was given her official trial over the course from Cape Ann to Boon Island today. The vessel left the upper harbor, where she had been anchored since her arrival here on Monday, soon after 8 o'clock and made her way slowly toward Gloucester. The day was clear and bright and all conditions were perfect for a successful test of the big vessel.

The official course over which the Illinois to fulfill her contract must sustain a speed of 16 knots, is thirty-three knots in length, to be covered twice. At intervals of 6-8 knots government vessels were stationed to mark the course.

Rear Admiral R. D. Evans was in charge of today's trial, as the head of the government board. The other officers of the board are Captain S. C. Train, Commander N. H. Hemphill, Lieutenant-Commander Charles D. Vreeland, Lieutenant-Commander Richard Henderson, Commander (Nav. Con.) Washington Lee (Comdr.).

UNDER FULL STEAM.
ROCKPORT, Mass., June 12.—The battleship Illinois, on her speed trial, passed the first stakeboat at 10:12 A. M., going under full steam. A smoky haze on the water makes it difficult to follow the course from the shore.

BATTLESHIP MAKES REQUIRED TIME.

Rockport, Mass., June 12.—The battleship was sighted returning at 12:05. She finished her run at 2:18:42, showing a total elapsed time of four hours, seven minutes and thirty-six seconds. Allowing twenty minutes for the turn at the middle of the course, this indicates an average speed of 17.4 knots.

CALIFORNIA DELEGATES ARE AT GLASGOW.

GLASGOW, June 12.—The week's celebration of the 450th anniversary of the foundation of Glasgow University commenced today with a religious service at the Cathedral. FRUIT CROP IS AWAY BELOW THE STANDARD

Sensational Reports Made to the Association at San Jose Today.

LARGE LOSS TO THE
FRUIT MEN OF STATE.

SAN JOSE, June 12.—Estimates made the present week by packers and canners as to the fruit crop are not at all encouraging. There is no longer any doubt that the prune yield is going to fall below even the conservative computations heretofore made.

NO FRUIT LEFT.

Instances have been reported of whole orchards without a solitary specimen of the fruit being left on the trees. Two prominent growers, each with orchards exceeding 100 acres, reported to the Cured Fruit Association this morning that they could not find, after diligent search, a total of a pound of fruit on either place. This condition of affairs extends irregularly on the lowlands all along the west side of the valley from Mountain View to Gilroy.

SHORT CROPS.

In peaches the conditions are similar. Up to the present time the reports of short crops have been interpreted in some quarters as the result of pessimistic verdicts of the disappointed. The results of the efforts of the packers during the past three days confirms the most affirmative estimates of small yields made earlier in the season. The canners are satisfied that fruit is going to be very short and are even now directing their efforts to get supplies in other portions of the State.

CHERRIES SHORT.

The cherry season is fast its meridian and the statement that the yield has been below a half average has been since been confirmed by the high prices in the local markets and the absence of any large quantities being offered for shipment. Apples seem to have fared better than any of the fruit varieties, but they are not in such abundance as to even supply the local demand thus far.

CROKER'S HORSE WINS IMPERIAL CUP HANDICAP.

903 BROADWAY, OAKLAND

ENDEAVORERS ARE GIVEN ROYAL GREETING.

SANTA ANA, Cal., June 12.—Never has Santa Ana been so spick and span as it is today, bedecked with gold and purple streamers and stars and stripes in honor of the Christian Endeavor delegates who are now en route here from all portions of the State to attend the fourteenth annual convention of the California Christian Endeavor Union.

THE INVITATION.
Months ago the local Endeavor Committee sent out the following general invitation:

"Endeavorers of California: We are expecting a host of you. Don't disappoint us, for we are making ample preparations. May we meet together in joyous Christian fellowship in this sunny Southland, and may we have a convention never to be forgotten. Come and bring your bicycles, too, for you will doubtless enjoy them on our level roads."

INVITATION ACCEPTED.

That this cordial invitation has been accepted in the spirit in which it was intended is evidenced by the flood of letters now pouring in upon the enter-

tainment committee from various parts of the State from enthusiastic Endeavorers.

PURPLE AND GOLD.

For months local Endeavorers have been talking about the convention and for weeks they have been absorbed in preparations for it. For three days a professional decorator from San Francisco with his corps of assistants has been engaged in elaborately decorating the streets with flags and streamers of purple and gold. All the business houses are decorated and already many private residences are banderously adorned.

MAN WITH THE HOE.

Even the City Council has been invaded with the spirit of entertainment and they propose that the visitors shall form a good opinion of Santa Ana. They have started the "Man with the Hoe" to work the streets and being arrayed in holiday attire. This is Santa Ana's first State convention of importance and the residents propose to demonstrate that they are equal to the emergency of properly entertaining a big convention.

A few scattering delegates are arriving today, but the crowd will not be here until Thursday morning, when the Christian Endeavor special will arrive from San Francisco and intermediate points.

The party visited the fortifications at Ballast Point, quarantine station and proposed site for the Government coal station and landing at Ballast Point made the trip to Point Loma in trolley-bus. The committee will remain at Hotel Coronado until late this evening, but will occupy their berths in the special train for their night's sleep. The special will leave here at 2 o'clock Thursday morning for Los Angeles.

AT LOS ANGELES.

LOS ANGELES, June 12.—The River and Harbor Committee of the Lower House of Congress is expected to arrive here from San Diego tomorrow morning. They will visit San Pedro during the day and inspect the inner and outer harbor and tomorrow evening will be tendered a banquet. RESTAURANT MEN

RAISE THEIR PRICES.

The Restaurant and Hotel Keepers' Association held a meeting last evening and adopted a schedule of prices. The restaurant men decided to raise the price of food to meet the increase of expenses caused by according to the demands of their employees. The increase is in the minimum price for short orders, the principal ones being as follows:

Family porterhouse steak, from 50 to 60 cents; porterhouse steak, from 40 to 45 cents; sirloin steak, from 30 to 35 cents; rib steak, from 20 to 25 cents; veal cutlets, from 15 to 20 cents; pork chops and mutton cutlets, from 15 to 20 cents each; domestic sausage and liver and bacon, from 10 to 15 cents each; oysters in crumbs, from 25 to 30 cents. The minimum price to be charged for a commercial lunch was raised from 25 to 30 cents.

No action was taken by the Association in regard to the butchers' strike, as the cooks and waiters have decided not to take any action at present.

TEACHERS GET WARRANTS

BUT CANNOT GET MONEY.

The High School teachers received their salary warrants this morning, but the local banks refuse to cash them.

City Treasurer Felton Taylor paid out of the High School Fund the first eleven warrants presented, but there was only a little over a thousand dollars in the fund, and this soon vanished, when the remainder of the hundred and more of warrants were simply registered, and some of the teachers then called at the banks in the hope of having them cashed at a slight discount. The banks refused to take the warrants.

"We have refused to honor the warrants," said Cashier Yates at the Central Bank, "because there is no money in the High School fund, and we have as yet received no assurance from the City Council that any money will be transferred to the fund so that we can get ours, should we cash the warrants. Just as soon as the Council will individually assure us of a transfer, and we do not ask for a written agreement—this bank will pay the warrants."

KINGSBURY'S THREAT

NOT MADE GOOD.

As yet no demand has been served on the Police Commissioners by the dismissed policeman, Wm. Kingsbury, for reinstatement. Kingsbury gave out a statement that he would make such a demand, and the Commissioners refusing to comply he would then, by his attorney, Charles P. Drolla, apply to the Superior Court for a writ of mandamus to test the matter.

At the meeting of the Police Commissioners today, however, Kingsbury was not even so much as mentioned.

NOT GUILTY OF BATTERY

ON MRS. SILVA.

Marian Souza was tried and acquitted in the Police Court today on a charge of assaulting Matilda Silva with a deadly weapon. The testimony showed that Souza had thoughtlessly thrown a stick of wood over his fence and into complainant's yard.

MEANS FIGHT TO A FINISH.

Millions of Dollars to Fight the Demands of the Machinists.

NEW YORK, June 12.—The convention of the National Metal Trades Association continued its sessions today. The closing hours of the convention are being devoted to the completion of organization and the arrangement of plans to strengthen the hands of the manufacturers in their fight against the striking machinists.

\$500,000 Raised.

The sum of \$500,000 raised by assessment is to be placed at the disposal of a strike committee to be used in behalf of the employers. That committee is constituted as follows:

William Swanhauser, Brooklyn; John W. Young, Milwaukee; S. W. Watkins, Milwaukee; Charles Bliss, Ansonia; N. D. Payne, Elmira; W. D. Sayle, Cleveland; Thomas E. Darban, Erie; William E. Lodge, Cincinnati; and E. G. Gilbert, Scranton.

What Fund Is For.

Asked as to the use of the fund, W. J. Chalmers, chairman of the Press Committee, said:

"I suppose we will use it as the strikers do—to support their fellows, pay pickets and meet other general expenses. We used \$100,000 in the Cleveland strike, where we paid some men a bonus of \$1 a day. There are millions more if they are needed. We have just received a telegram from the Pacific Coast pledging 114 out of 125 firms to membership."

San Francisco in It.

We have delegates from San Francisco, Seattle, and Portland, and the West is with us and we are gratified to receive their support. We seek no trouble, but we propose to protect our interests and industries.

The convention will this afternoon dispose of the important question of hours of labor.

Ten Hours a Day.

Just before recess a committee consisting of W. G. King of Buffalo, P. H. Stillman of New York, and J. M. Frink of Seattle, Wash., was named to report on the subject.

Sentiment on the subject of hours is diversified. There are advocates of a universal nine hours day; of a ten hour day; of a ten and a half hour day; and a radical party that is for a straight ten hour day through the entire week.

HUTCHINSON ESTATE SALES

APPROVED BY THE COURT.

Judge Melvin today confirmed the sale of about \$25,000 worth of real property belonging to the estate of the late Elizabeth L. Hutchinson. The sale was made on May 25th by William J. Dineen, who is executor of the estate. It was necessary to sell the property so that the estate could be distributed. Judge Ogden testified in court as to the sales made, and opportunity was given for bidders to raise the price if they so desired. Emil Nusbaum acted as Judge Ogden's attorney in the proceedings.

The confirmation of sales was as follows: A lot on the southern side of Fourteenth street, between Washington and Clay streets, to H. M. Sanborn for \$21,000; four acres of land in Pleasant Valley to Annie R. Elliott for \$2,000; 1.88 acres of land on the western side of Vernal avenue to W. G. CREMATION.

The Odd Fellows' Cemetery, San Francisco. It has expended nearly \$200,000 on buildings, plant and equipment. Has five furnaces. A body is consumed without contact with flame. Every part reduced to ashes by intense heat.

It has no stock nor stockholders. It does not divide profits. It aims to make its receipts equal expenditures. All profits are expended on the care of its property and the perfection of its works.

Prices for cremation are: Infants under ten, \$10; ten to fifteen, \$15; members of societies and associations and their families, \$20; adults, \$25, which prices include a copper receptacle for the ashes, and the use of the chapel and organist.

As soon as business permits, charges will be reduced. A proposition to lower the cost of cremation to \$20 is under consideration. A special arrangement is now being perfected so that a body sent from any place in the State of California will be cremated at a total expense not to exceed the above rates.

And all this is NOT FOR THE ACCUMULATION OF PROFIT, but in the promotion of a funeral reform, and for the benefit of the widow and orphan. If necessary for the cause, we will place agents in all the States, Alaska, San Jose, to carry on our work.

McKINLEY'S PATRIOTIC STAND.

President McKinley has conclusively demonstrated the breadth of his patriotism by declaring almost at the first suggestion of a third term for himself that he would not accept a nomination for it even were it to be tendered to him. His repudiation of the idea is emphatic and there is a calm dignity in his concluding sentence that is worthy even of Washington or Lincoln.

There can be no mistaking of the sincerity of such words as these: "My only ambition is to serve through my second term to the acceptance of my countrymen, whose generous confidence I so deeply appreciate, and then, with them, to do my duty in the ranks of private citizenship."

The President has before this demonstrated his possession of the true genius of statesmanship, but these words show him to rank with the great names of American history. He puts aside the project of some of his wise admirers without unnecessary words, without loss of dignity, and declares that the just consideration of the momentous questions now before the administration and the country must not be "prejudiced in the public mind by even the suspicion of the thought of a third term." The Perry Heaths, Chauncey Depew, Grosvenors and their kind could have received no more stately a rebuke, no more severe a snubbing, and they deserve it.

We have who seen the man and have heard him speak from his heart as we did during his public addresses on this coast probably never doubted that he would do as he has done. Like Senator Hanna, we can say: "Just what we expected." Nothing else ought ever to have been thought of from a man who has shown himself to be so intensely and wholly an American, and we can readily conceive that as he himself must know, his graceful parrying of his indiscreet supporters' attempt to bring him into opposition to the nation's traditions, has won for him the allegiance even of the most bitter of his opponents.

The far-reaching effect of his announcement on the actions of the coming session of Congress can easily be foreseen. It will harmonize all elements, and Democrats will no longer be able to claim that the head of the nation is a partisan.

Carnegie's latest gift consists of adding two million dollars to the endowment fund of the Cooper Union. While so far as is known none of the many libraries and institutes he is founding all over the country are being called after him, his name will occupy a niche in the history of philanthropy side by side with those of Peabody, Cooper and Moses Montefiore.

A Walla Walla man has invented a slow cooker frizzling wheel. What we would like to see, though, is a wheel that would do the frizzling without water, for that is the condition we have to meet in California owing to the failure of the many State reservoir movements.

The Woodmen of the World are in convention at St. Paul and one of the issues under discussion is how to keep the order out of politics. The task is a difficult one, for members of that particular craft cannot be blamed for having axes to grind.

The Park museum is to have a department devoted entirely to antiquities. Fossils will, of course, be one of the features, and they want have much trouble making a representative collection in their own city.

Oil men are trying to raise the price of petroleum. They have lots of oil to burn but little money, owing to the over-production caused by the well-drilling boom.

BARBERS AGAIN DECIDE TO CLOSE ON SUNDAYS.

After an exciting contest over the Sunday closing movement, the Barbers' Union has at last decided to close the shops all day on Sundays, the new order to take effect the first Sunday in July. A week ago the motion to close was carried by a vote of 29 to 23, but there was considerable feeling manifested and at the last meeting the matter was re-considered. It finally carried unanimously, however. A movement is now on foot, to have the matter again re-considered.

OWNED MUCH STOCK IN THE BANK OF ANTIOCH.

J. R. Baker, L. F. Blackburn and M. W. Dunnigan have appraised the estate of the late Catherine Harkinson at \$270,350. The principal item is 350 shares of the Bank of Antioch, appraised at \$24,000. The remainder of the estate consists of a piece of property at Grove and Twenty-ninth streets, two pieces of realty in Contra Costa county and some personal property.

MONEY VOTED TO COMMITTEES.

Lanterns and Decorations to Be Purchased so as to Prevent Extortion.

The Fourth of July Committee met last night at the Merchants' Exchange. There was a large attendance of members.

On motion of Harry Williams it was decided that the chairman of each of the sub-committees should be ex-officio a member of the executive committee so that he might take part in the deliberations of the committee and consult the members when occasion required.

A letter was read from the retail clerks which spoke in an enthusiastic manner about the Fourth of July celebration and closed by donating \$25 to the fund.

Chairman Arger of the Parade Committee said that he had scarcely any report to make, but that he would have one when the proper time arrived. The committee had not as yet decided upon a Grand Marshal.

Philip Stein said he would like to make an industrial display in the procession. He had recently secured from the south, where it was supposed everything was progressive. Since coming here, he had found that Oakland was a much better place than any place in the south.

Mr. Walker supported the idea of having commercial floats in the parade. G. W. Ayer said that commercial floats in the procession would not be objectionable if they were appropriately decorated. The celebration, however, was intended to arouse patriotic sentiments and not to advertise cut-rate sales.

Mr. Stein said that if allowed he would put in line a float to which no exception could be taken.

Mr. Lea of the Regatta Committee reported favorably upon aquatic feature of the celebration and on his motion Mr. Lea was appointed a member of the committee because of his liberality in granting the use of a room in his house for the accommodation of the men who are to take part in the aquatic events.

The question of a literary program was discussed, and a plan was indulged in as to what would be its cost. Theo. Gier said that people who would take part in such a program ought to be willing to donate their services whether as speakers or singers.

Mr. Hawbaker, chairman of the night celebration, said that they were going to have a display which would be a surprise to the people of this city. Nothing like it had ever been attempted in this city. Mr. Hawbaker was most enthusiastic and his enthusiasm infected others. He closed by suggesting that it would be a matter of economy to purchase flags, lanterns, and other decorative material as soon as possible because the longer the matter was delayed, the dearer the articles would become.

Mr. Wellby of the Decoration Committee spoke regarding the decorating of streets on the line of Alameda. On motion of Fred Sinclair, it was agreed, as a starter, to allow the night committee and the decoration committee \$500 each with which to perform preliminary work.

The meeting then adjourned till next Friday evening.

WITTER MUST MAKE GOOD THE SHORTAGE.

In the action of H. Levy against W. G. Witter, Judge Ellsworth has rendered judgment for the plaintiff for \$4,128 and \$100 attorney's fees. More than a year ago Levy conveyed the Wilcox block at Ninth and Broadway to Witter and received in exchange the Trapper Slough Ranch near Stockton. Each of the pieces of property was valued at about \$150,000. Witter guaranteed that the yearly income of the ranch would be \$8,550. The income fell about \$4,000 short of this sum and Levy consequently brought suit to recover. There was a dispute as to the amount of the shortage.

ANOTHER JUDGMENT ON THE BERKELEY ROAD.

Following the order of Justice of the Peace Quinn for the sale of the Claremont, University and Ferries Railway in Berkeley, to satisfy judgments aggregating \$2,000, several more suits have been filed. David H. Frye has filed suit for \$103 for labor and W. A. Steinhil has obtained a judgment for \$211.55 against the company.

BIG TRUST DEED FILED WITH THE RECORDER.

The Realty Syndicate has recorded a deed of trust conveying to the San Francisco Savings Union property in this city to secure a promissory note for \$20,000. The indebtedness was on a piece of property purchased by the Realty Syndicate from Charles T. Hawley.

Dr. Hill Jr. is seriously ill at his home on Albion street. His physicians, Drs. A. K. Crawford and R. L. Hill Sr., have been in constant attendance upon him for the last ten days. He is better to-day and his recovery is now looked for.

LITTLE JOHNNY TOOK A TUMBLE AND BROKE ARM.

Johnny Haastrom of 310 Tenth street, aged 9 years, was treated at the Receiving Hospital late yesterday afternoon for a broken arm received by falling.

PROGRAMS ARE TOO NUMEROUS.

Merchants' Exchange Will Not Advertise in Them After the Present Notice.

At the meeting of the Merchants' Exchange last night the report of the visit of the Tunnel Committee to the Board of Supervisors was made and filed.

Mr. Sinclair said that, owing to the number of appeals which had recently been made for funds to the people it would be impossible to do anything toward raising money for the purpose of entertaining the Epworth League.

It was decided, on motion of Theo. Gier, to discourage advertising by merchants in ball and concert programs gotten out by social societies, lodges and other organizations.

A committee to look after the matter was appointed. It consisted of Messrs. Gier, Sinclair and Williams. Philip Stein of 262 Twelfth street was elected a member of the Exchange.

During their absence they will visit the exposition at Buffalo, and visits will also be made to relatives in Maine, as well as to Boston, Bar Harbor and New York.

Mr. and Mrs. Edgar Stone and family will spend the month of July at the Hotel Vendome, in San Jose.

Mrs. Henry Weatherbee and her sister, Mrs. C. W. Farnham, are expected to arrive home shortly from their two years' sojourn in Palestine with their brother, Hon. Selah Merrill, who is United States Consul there.

Miss M. Grace Miller of Santa Rosa and J. Arthur Rowell, assistant librarian of the University of California, were married at noon yesterday at the Mariners' Church at Drumm and Sacramento streets. The ceremony was performed by the grandfather of the groom, the Rev. Joseph Rowell, June twenty-five years previously, and exactly to the minute, Professor Joseph C. Rowell, librarian at the California University and father of the young man who was married yesterday, was married before the pulpit of the same water-front church and his father pronounced the words of the matrimonial bond. It was a silver wedding ceremony for Professor and Mrs. Rowell, and they stood beside their son and his bride and repeated their marriage vows taken a quarter of a century before.

Miss Annie Brockhurst and Dr. Edward Ernest Sparhawk were married this afternoon at 2 o'clock at the parsonage of St. Paul's Church by Rev. Robert Ritchie.

CRIMINAL RECORD OF YOUNG ABE MAJORS.

Judge H. A. Melvin is in receipt of a communication from District Attorney Frank K. Walker of Logan, Utah, requesting information in regard to the criminal record of Abe Majors in this city. It is stated in the letter that Majors is soon to be tried in Utah on a charge of murder and it is desired to have his past record as evidence against him. The County Clerk will forward the information.

Majors and Bert Wilmore were arrested in this city in 1896 on a charge of burglary. They broke into Girards piano store and stole some money. They pleaded guilty and were sentenced to the penitentiary for ten years each, but were subsequently paroled. Something more than two years ago Wilmore was shot and killed in Alameda while attempting to enter a jewelry store. His accomplice, a man named Sullivan, was convicted and sentenced to fifteen years in the penitentiary.

Walking to Work

Is the only way in which the business woman, employed in store or office, can get open air exercise. Is it any wonder that she often grows pale and thin and develops a tendency to "weak lungs." When ever there is pain in breathing, shortness of the chest, obstinate cough, bleeding from the lungs or any other symptoms of disease of the respiratory organs, begin the use of Dr. Pierce's Golden Medical Discovery and continue the use until cured. Ninety-eight in every hundred who have used "Golden Medical Discovery" for "lung trouble" have been perfectly and permanently cured.

"I was very sick indeed," writes a letter from a woman of Felton, Kent Co., Delaware, "and I thought I must die soon for I felt so awful bad. Had a bad cough, spit blood, and was very short of breath. I had pains in my chest and right lung, also had dyspepsia. Before I took your 'Golden Medical Discovery' and 'Pleasant Pellets' I was so weak I could not sleep a room, now I can do so well. I feel like a new person, and am permanently cured."

Dr. Pierce's Pellets cure heart-burn.
